Dedication

We, the Annual Staff take great pleasure in dedicating the 1961 Tiger's Den to our Coach and Guidance Counselor, Mr. Lou Moss. We deeply admire him for his sportsmanship, his friendly interest and the consideration he always shows us.

We will always be grateful to you for making our last year in high school one to remember. Our yearbook is one of the most important achievements in our school life and we would like to share it with you. Please except the dedication of our annual as an expression of our admiration--to you "Coach" we proudly give honor.

The Student Council is an organization representing the students of Mark Twain High School. The purpose is to carry out those ideas that make our school better. It promotes a greater spirit of democracy among the students.

The Student Council has nine members who are elected by the classes. The officers are chosen from those nominated by the senior class.

The Student Council helps carry out the school lunch program by aiding in planning menus.

The Council plans and carries out various activities during the school year.

The Principal advises the Council in making plans and carrying out ideas and assists with any problems that require adult opinions.

The Student Council is very necessary in a modern school. It provides a buffer between teachers and students and helps to provide a democratic school government.
